

Concrefy, located in the TrafficPort in Venlo, is an international engineering firm specializing in concrete technology. We offer services such as material research, product development, process improvement, damage analysis, and inspections. We combine concrete technology, modern measuring techniques, and data analysis into pragmatic “Decision Support Tools” to create added value for clients, or what we call “Value Engineering.”

On behalf of Concrefy we are searching for a:

FINANCIAL CONTROLLER

Job Description

As a Financial Controller at Concrefy, you play an essential role within our financial team. You ensure that the financial processes run smoothly and contribute to the growth of our company through clear reporting and analysis. Whether it's preparing the monthly closing or improving financial processes, you know exactly what is needed to keep everything on track. You will work closely with the Head of Finance, with whom you will be a sparring partner for various financial issues and ad-hoc requests.

Main Tasks

- Prepare monthly closings and ensure timely and accurate delivery.
- Provide input for management reports and perform financial analysis.
- Support for monitoring and improving financial processes.
- Support the Head of Finance with various ad hoc requests, including audits (Big 4 level) and specific analyses.
- Ensure correct application of financial systems for several companies, by means of Exact and SAP.

Your qualifications

- Completed college or university education in a financial field
- Minimum two years of relevant work experience in a similar position
- Excellent command of the English language. Dutch, native speaker level
- Experience with SAP
- You are accurate, analytical and can work well independently

Additional Information

- Employment of 24-32 hours per week at an international company with enthusiastic multicultural colleagues
- Attractive salary depending on education and experience
- Pension plan
- Commuting allowance: €0.23/km
- Annual contract with the prospect of a permanent contract upon good performance
- 30 leave days per year on a full-time basis
- Working from home one day a week
- Good opportunity for further professional development within the position
